

DID YOU MISS IT?!

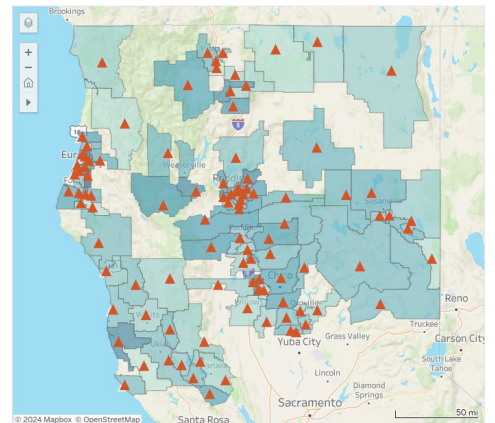

Using US Census American Community Survey Data to Create Useful Dashboards at the Neighborhood Level

James Crandall, Regional Director - Data Strategies, gave a presentation on the regional maps he created using US Census data, CAASPP data, and A to G data at the Partners for Rural Impact Rural Summit last month. If you missed it, he is doing an encore presentation for the North State Together region.

Date: Wednesday, May 22, 2024

Time: 10am to 11am

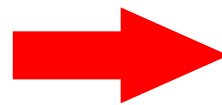

Where: Virtual via Zoom

Join this encore presentation to see how you can leverage these maps for decision making!
